Softub®

AN OASIS OF RELAXATION

HOT TUBS FROM **SOFTUB**

Softub hot tubs use high-insulating materials and powerful technology. Their low weight and portability is unique, and their energy efficiency unmatched worldwide. Softub hot tubs are the most comfortable and quiet hot tubs in the world.

With individual programs and separately-adjustable water jets, Softubs pamper your body from head to toe. All you have to do is close your eyes and enjoy

EIGHT REASONS FOR **SOFTUB**

1. PORTABLE

Light, easy to use and easy to install; with Softub, the most portable Hot Tubs in the world, you never need to be limited to one location.

2. QUIET

Enjoy relaxing in beautiful tranquillity. Thanks to their “Whisper” technology, Softub Hot Tubs are among the quietest in the world.

3. ENERGY EFFICIENT

Softub lead the market in Heat Recovery Technology, incorporating the Pump, Motor and Heating into a single Hydromate Unit, the excess heat from the motor is used to heat the filtrated water, keeping energy consumption down to a minimum.

4. WEATHER RESISTANT

No matter what the weather, Sun, Rain, Frost or Snow, Softub Hot Tubs robust LeatherTex outer casing has been created for long life, with added benefits of hard wearing effective colours and total durability.

5. HYGIENIC

The automatic Softub Ozonator function provides an intensive water cleaning program. As a result, every bath will take place in clean, high-quality water!

7. COMFORTABLE

Softubs are unsurpassed for comfort and convenience! The soft but stable form of the Polybond interiors provide comfort in all positions – making the pool as comfortable as a leather sofa.

6. FLEXIBLE

For ultimate flexibility, every Softubs basin shape is designed to allow easy rolling movements for position changing – and an endless number of sitting and lying position possibilities.

8. STYLISH

Leather-look, border edging, modern exterior colours and practical, stylish accessories: Softub convinces with its high-quality, chic designs.
